Greeting to whom it may concern

I have know matt since 2nd grade and he really a great student. For all the time that ive known matt he has always gotten good grades and is smart. I am qualified to write a letter of recommendation for matt because i have known him for a long time.

Matt having all A`s for 9 years shows his dedication and hard work in school. Matt is osha certified javascript certified python certified and css certified. All of his certifications show that he put in very hard work to learn these things. Matt has worked at orchard orthopedics and works at mc auliffs green house.

Matt has a 3.9 gpa and a 3.84 cumulative gpa in school. He is a year ahead in math and is taking ap english this shows he is one of the smartest people i know. He has done cross country and track for 5 years and got his varsity letter as a freshman. He volunteered at a youth robotics competition in 2020 this show he will take time to help with stuff. He did robotics for 5 years and was on the junior honor society.

I high recommend matt he is a very good person and is smart. He has participated in a lot of activities and this letter shows that.

Sincerely

Ben Haeussler

Letter of recommendation
